Functional Test Cases — Successful Flow

TC-15-01 | Save Valid Study Preferences

PURPOSE

Verify valid study preferences are saved and kept after a reload.

PRECONDITIONS

Student logged in; default preferences; database available.

TEST DATA

Study hours Mon/Wed/Fri 4–7 PM; max 3 hrs/day; 60 min sessions; 15 min breaks; personal time Sun 6–7 PM.

STEPS

1. Open Set Study Settings. 2. Enter test data. 3. Click Save settings. 4. Reload page and check PlannerSettings row.

EXPECTED

Save confirmation shown. All values still shown after reload; only this student's row is updated.

Created by: Joshua (JA) | Status: Not Run

Actual result: Not tested yet.

TC-16-01 | Opt In to Email Reminders

PURPOSE

Verify a student can opt in to email deadline reminders.

PRECONDITIONS

Student logged in with verified test email; notifications off.

TEST DATA

Enable Notifications on; Email on; Deadline Reminders = 1 Day.

STEPS

1. Open Account → Notifications. 2. Enter test data. 3. Click Save. 4. Reload page and check settings row.

EXPECTED

Confirmation shown. All three settings stay on after reload; database row matches.

Actual result: Not tested yet.

Functional Test Cases — Alternative Flow

TC-15-02 | Personal Time Conflict

PURPOSE

Verify personal time that overlaps a scheduled study block is flagged, not overwritten.

PRECONDITIONS

Student logged in; accepted schedule exists; database available.

TEST DATA

Existing block “CS 3354 Review” Tue 6:00–7:30 PM; new personal time Tue 6:00–8:00 PM.

STEPS

1. Open Set Study Settings. 2. Add personal time. 3. Click Save settings. 4. Open View Schedule.

EXPECTED

Conflict message names “CS 3354 Review” Tue 6:00–7:30 PM. No schedule regenerated; block unchanged.

Created by: Joshua (JA) | Status: Not Run
Actual result: Not tested yet.

TC-16-02 | Opt Out of All Notifications

PURPOSE

Verify a student can remove themselves from all notifications.

PRECONDITIONS

Student logged in; Email and Desktop on; Deadline Reminders = 1 Day.

TEST DATA

“Test HW 2” due in 24 h 10 min; empty test inbox.

STEPS

1. Open Account → Notifications. 2. Turn off Enable Notifications. 3. Click Save. 4. Wait 30 min past reminder time; check inbox and desktop.

EXPECTED

Confirmation shown; notifications show as off. No email or desktop reminder for “Test HW 2.”

Created by: Joshua (JA) | Status: Not Run
Actual result: Not tested yet.

Functional Test Cases — Invalid Input

TC-15-03 | Break Longer Than Session

PURPOSE

Verify a break longer than one study session is rejected.

PRECONDITIONS

Student logged in; saved session length 90 min, break 15 min.

TEST DATA

Break after each session = 120 min.

STEPS

1. Open Set Study Settings. 2. Enter 120 min break. 3. Attempt Save settings. 4. Reload and check database.

EXPECTED

“Break can't be longer than your 90 min session.” Save disabled; break still 15 min.

Created by: Joshua (JA) | Status: Not Run

Actual result: Not tested yet.

TC-16-03 | Invalid Phone Number

PURPOSE

Verify an invalid phone number is rejected for SMS reminders.

PRECONDITIONS

Student logged in; Email is the only source; no phone on file.

TEST DATA

SMS source on; phone number 12345.

STEPS

1. Open Account → Notifications. 2. Turn on SMS. 3. Enter 12345 and click Save. 4. Reload and check settings row.

EXPECTED

“Enter a valid phone number.” Nothing saved; SMS still off; no phone stored.

Created by: Joshua (JA) | Status: Not Run

Actual result: Not tested yet.

Functional Test Cases — Integration

TC-15-04 | Schedule Follows Preferences

PURPOSE

Verify the AI-generated schedule respects saved study preferences.

PRECONDITIONS

Student logged in; AI API and database available.

TEST DATA

Mon–Fri 4–7 PM; max 2 hrs/day; 60 min sessions; 15 min breaks; personal time Wed 5–6 PM; three assignments due within 7 days.

STEPS

1. Open Study Planner. 2. Click Generate New Plan. 3. Review draft. 4. Check each block against preferences.

EXPECTED

All blocks Mon–Fri 4–7 PM, none Wed 5–6 PM; ≤ 2 hrs/day; ≤ 60 min each; ≥ 15 min gaps; all assignments before due dates.

Created by: Joshua (JA) | Status: Not Run

Actual result: Not tested yet.

TC-16-04 | Reminder Sent on Time

PURPOSE

Verify a deadline reminder email is sent once at the chosen lead time.

PRECONDITIONS

TC-16-01 settings saved; notification service available.

TEST DATA

“Test HW 1” due in 24 h 10 min; Deadline Reminders = 1 Day; empty test inbox.

STEPS

1. Create Test HW 1. 2. Wait 15 min; check inbox. 3. Wait 15 more min. 4. Check inbox again.

EXPECTED

Exactly one email about 24 h before due (± 5 min), naming “Test HW 1” with due date and time. No duplicates.
